## WAGERING INFORMATION

Odds are based on the win pool and reflect each individual horse's chances of winning, as determined by the wagering of the public. The track linemaker is responsible for the odds in the program. These odds are made before the betting and represent the track linemaker's projections as to how the public will wager on each horse. Payoffs are based on \$2 bets.

### WIN, PLACE AND SHOW

A win bet requires that the bettor's horse finish first in order for the player to collect. Place means the selected horse must finish first or second for a payoff. A show bet means the selected horse must finish first, second or third for the bettor to collect a payoff.

### DAILY DOUBLE

A daily double is a single wager in which the bettor is required to select the winners of two different races. There are two daily doubles daily—an early daily double on the first two races and a late daily double on the ninth and tenth races. The lowest wagering denomination is \$2.

### PERFECTAS

A perfecta wager requires the selection, in exact order, of the first and second horses in a single race. The basic perfecta bet is \$2. Perfecta wagering is offered on every race.

### TRIFECTAS

Trifecta races are the 5th, 7th and 10th.

#### TRIFECTA WHEEL

When one horse in any single position (1st, 2nd or 3rd) with:

	\$1 Bet	\$2 Bet	\$3 Bet	\$5 Bet	No. of Bets
4 other horses	\$12	\$24	\$36	\$60	6
5 other horses	\$20	\$40	\$60	\$100	12
6 other horses	\$30	\$60	\$90	\$150	20
10 other horses	\$90	\$180	\$270	\$450	72
11 other horses	\$110	\$220	\$330	\$550	110

**\$1.00 Trifecta Partial Wheel** — same as a wheel except you can exclude as many horses as you wish. Just say "\$1.00 Trifecta Partial Wheel 3-4 with 3-4-8 with 7-8."

#### TRIFECTA BOX

Select three horses by program number, which you think will finish first, second and third in any order. If your selections are the first three finishing positions you have a winner. A 3-horse box is 6 bets. A box includes every possible combination that could result from the horses which you have selected.

No. of Horses	\$1 Bet	\$2 Bet	No. of Bets
3 horse box	\$6	\$12	6
4 horse box	\$24	\$48	24
5 horse box	\$60	\$120	60
